

SafePlate

Dine Without Doubt!

Eating out shouldn't feel like a gamble.

Hidden ingredients. Real danger.

Cross-contamination, unclear labels, and complex dishes make it difficult for allergy sufferers to trust their food choices

Instant clarity when you need it most.

SafePlate analyzes menu images in seconds and compares them with your personalized allergy profile

Challenge

Managing food allergies requires constant vigilance. Even a simple restaurant visit can become overwhelming.

The Reality

People spend excessive time researching menus, asking staff, or avoiding dining out altogether.

Our Solution

Safe Plate acts as your intelligent safety partner, guiding you toward food choices that align with your health needs.

LET'S FIGHT
YOUR FOOD
ALLERGIES
BETTER!!

IT'S EASY!

HOW SAFEPLATE WORKS:

- Create your allergy profile.
- Snap or upload a menu image.
- Our AI detects ingredients instantly.
- Receive clear recommendations on what to eat and avoid.

Safe dining in under 10 seconds!!

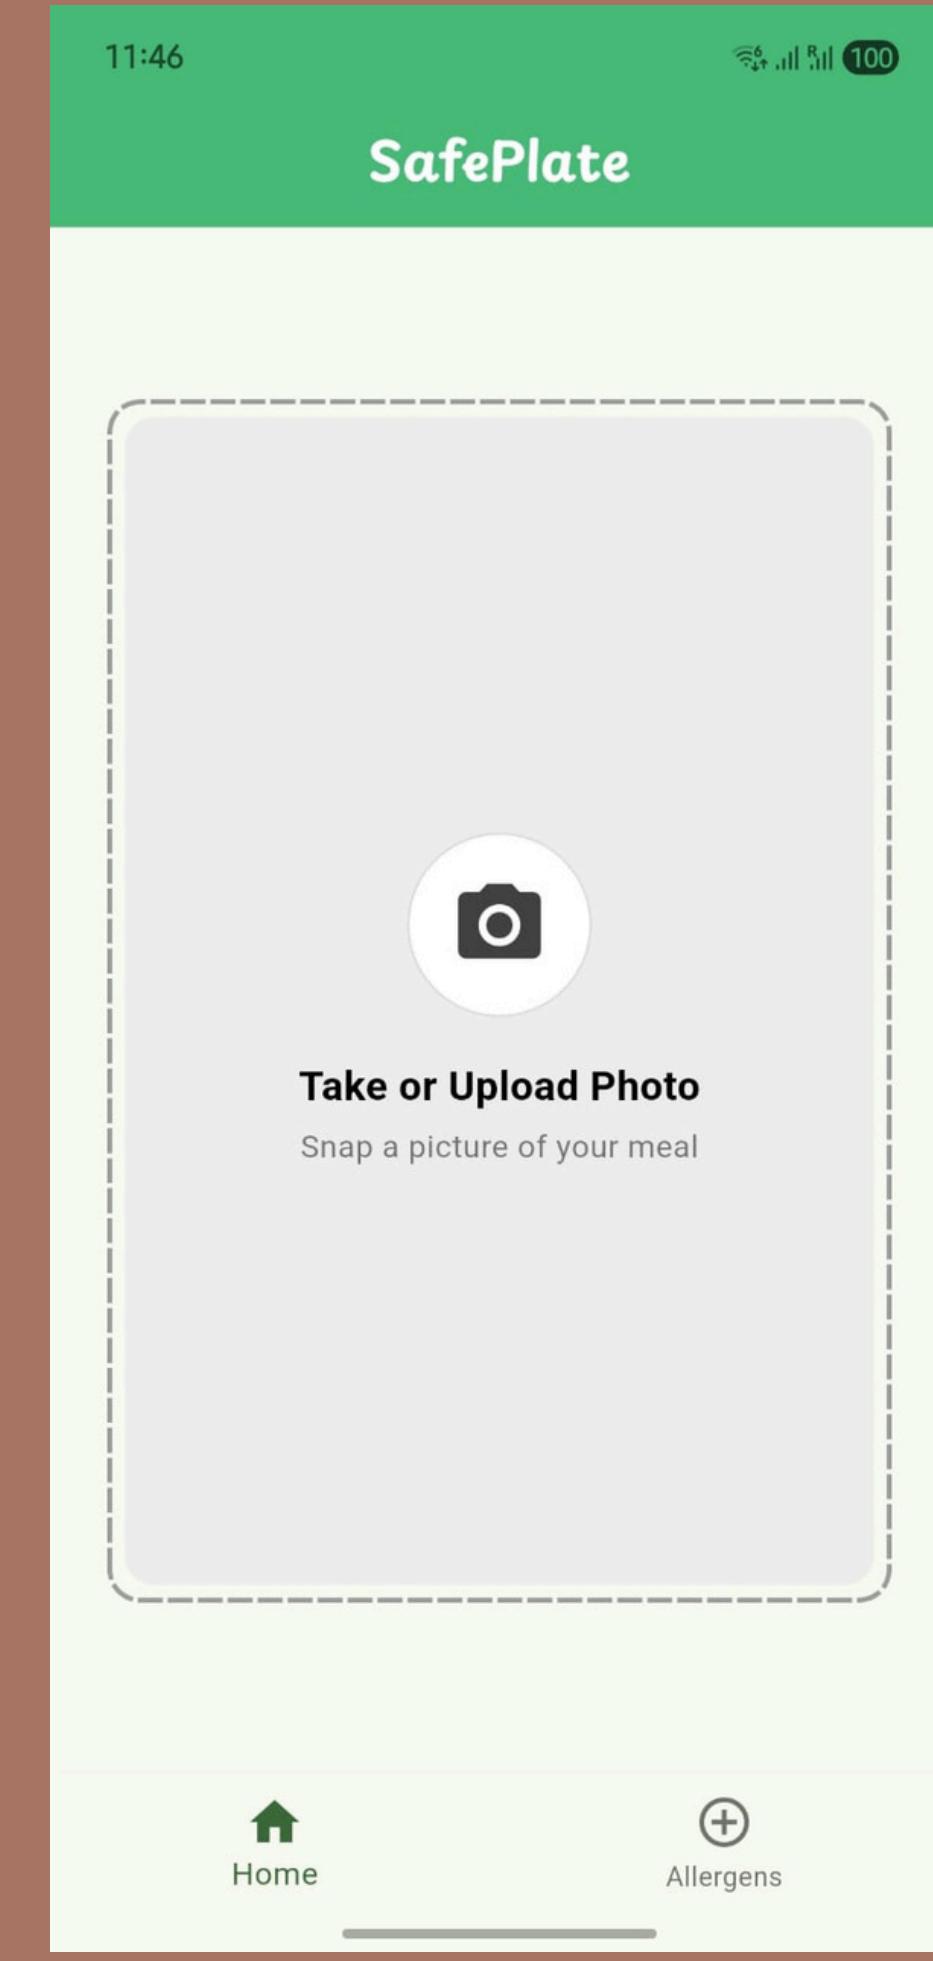

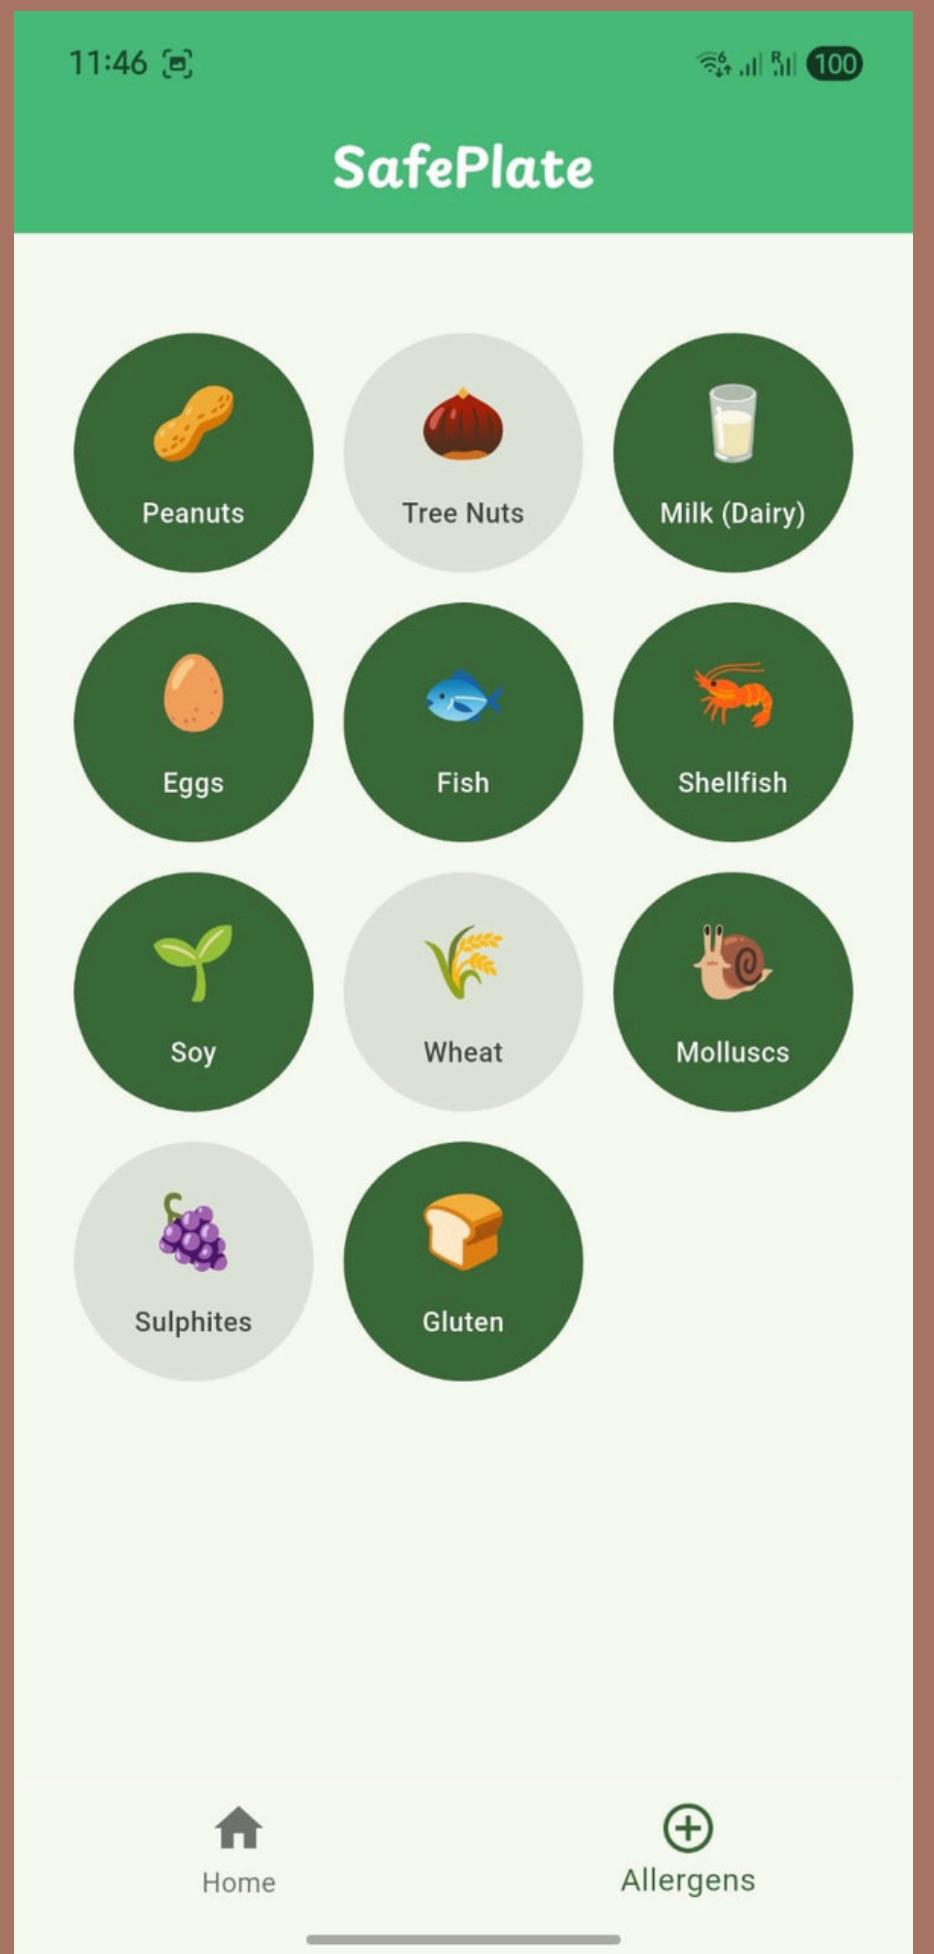

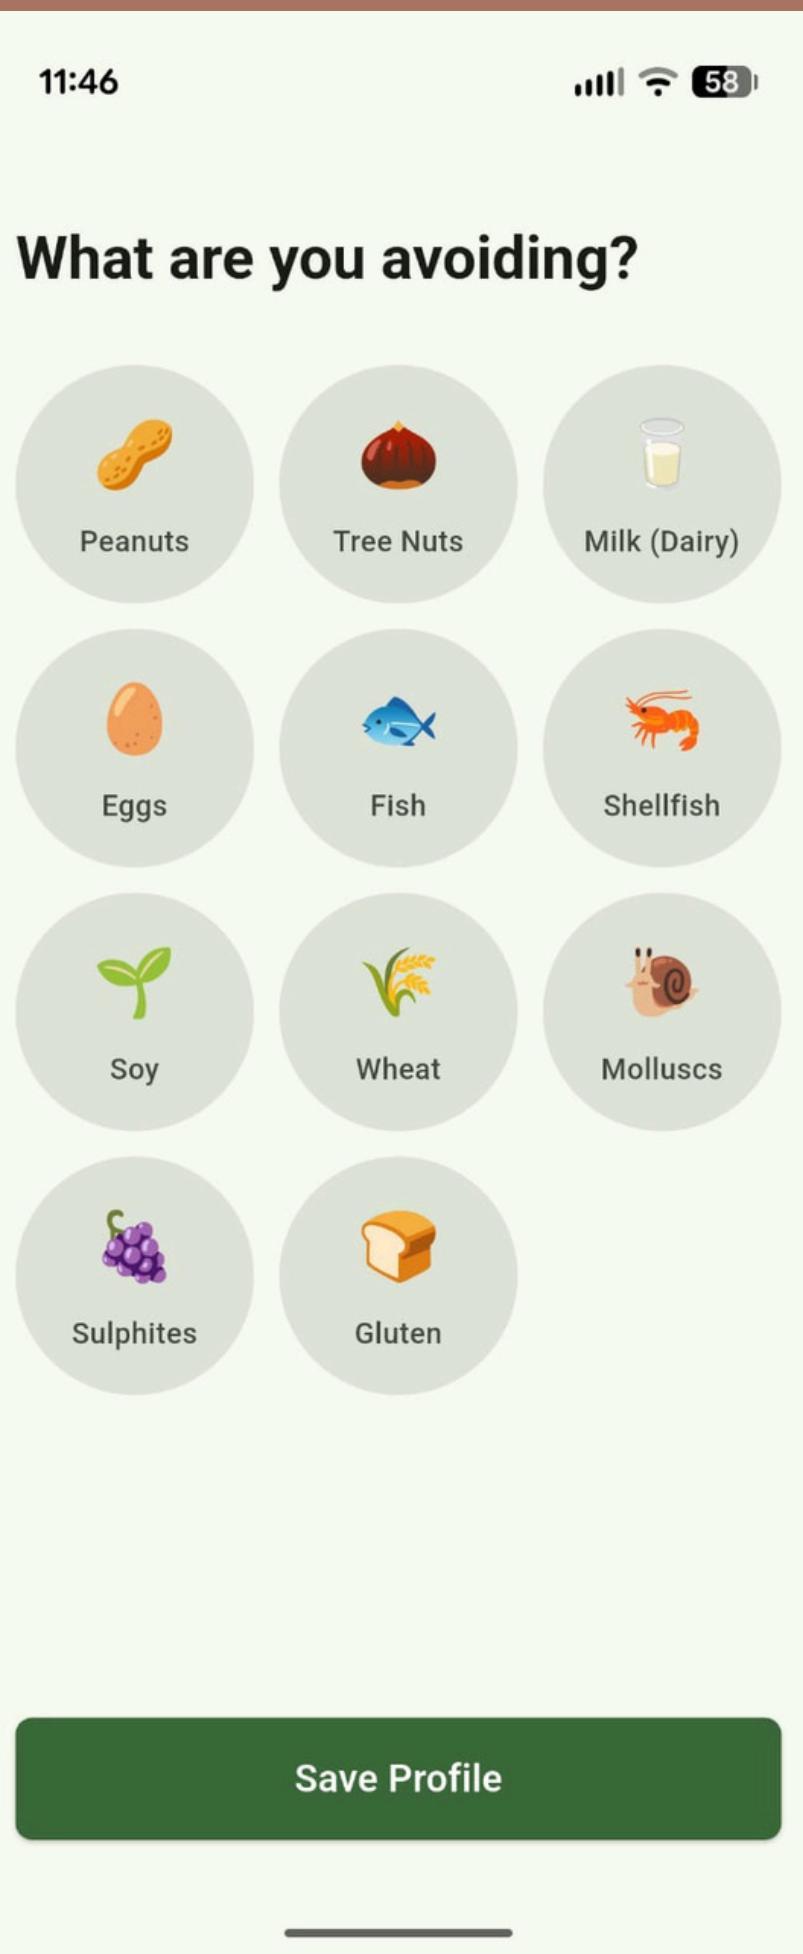

Features of SafePlate

- AI-powered menu scanning
